

CASTINGS

We supply various products and components of both cast iron and cast steel as well as non-ferrous metals.

We offer our expertise in selecting the foundry that best suits your wishes and purposes.

In combination with our in-house machining, we provide optimal expediting services and quality control.

If applicable we can provide destructive or non-destructive testing and inspection by any notified body.

SPECIFICATIONS

- Available in high and low alloy cast steel or iron
- Cast iron hardness up to 62 HRC
- Available in non-ferrous metal such as CuNiAl and bronze
